

MERRITT SECONDARY SCHOOL

GRADUATION NUMERACY ASSESSMENT

WEDNESDAY, JANUARY 23, 2019

Parents & Students, please note the following:

1. Students are expected to arrive **15 minutes before** their scheduled assessment, as it takes about this much time to get logged into the online platform. A pencil is required, and a scientific calculator is recommended.
2. Students are provided 2 hours to write the assessment, plus 1 additional hour if needed.
3. The Graduation Numeracy Assessment is a provincial assessment and there are strict rules in place. Students who are caught breaking any of the rules (which will be read on the day of the assessment) may be disqualified and given a mark of 0.

For more information about the Graduation Numeracy Assessment, including information about how students can prepare, please visit the following Ministry website:

<https://curriculum.gov.bc.ca/assessment/numeracy-assessment>

You may also email Mr. Sambrook if you have any questions: bsambrook@365.sd58.bc.ca

Thank you
